

OTHER MECHANICAL PROJECTS BY CIMCO

FORMET INDUSTRIES, A DIVISION OF MAGNA

Automotive frame manufacturing plant
St. Thomas, Ontario

Formet is among the most technologically advanced facilities in the world. Opened in 1998, this St. Thomas facility is the world's largest automotive frame manufacturing plant and employs advanced hydroform and robotic technology. CIMCO has been assigned a complete HVAC service contract for the complete facility.

WESTERN UNIVERSITY

Public research university
London, Ontario

CIMCO maintains the maintains 14 chillers across multiple buildings at Western University, Ontario, ensuring optimal climate control and comfort in a vast academic landscape.

PRESSTRAN INDUSTRIES, A DIVISION OF MAGNA

Automotive parts manufacturing plant
St. Thomas, Ontario

Presstran manufactures structural components for the automotive industry using stamping and welding operations. CIMCO has been assigned a complete HVAC service contract for the complete facility.

THE ORIGINAL CAKERIE, A DIVISION OF DESSERT HOLDINGS®

Private frozen dessert manufacturer
London, Ontario

Founded in 1979, The Original Cakerie is a leading manufacturer of high-quality desserts with locations in Vancouver, British Columbia and London, Ontario. CIMCO has been a preferred contractor on major HVAC Projects and service contracts

DR OETKER

Food manufacturer
London, Ontario

Diving into collaboration with Dr. Oetker, CIMCO has undertaken multiple projects at the London plant, encompassing significant additions and a broad mechanical scope.

NESTLE

Food products supplier
London, Ontario

Nestlé's prominent ice cream factory on Wilton Grove Road has consistently chosen CIMCO for various HVAC projects and service contracts.

DUTCH BROTHERS READY MIX

Concrete product supplier
London, Ontario

Dutch Brothers Ready Mix has the largest mixer fleet and wet-batch concrete plant in London. CIMCO has undertaken many projects for them, including the installation of chillers and multiple dehumidifiers, complemented by expert sheet metal work.

CITY OF LONDON

Municipal/local government
London, Ontario

CIMCO secured recognition from the City of London, undertaking HVAC upgrades for EROC phases 1 and 2. This substantial project marks a milestone in our commitment to enhancing municipal infrastructure.

WELCOME TO CIMCO MECHANICAL SERVICES

Throughout our rich 110-year history, we have honed our expertise in thermal solutions, focusing on HVAC and refrigeration. This journey has allowed us to grow and expand our mechanical know-how. Today, CIMCO Refrigeration proudly offers a wide range of top-quality mechanical services, tailored to your unique needs. Regardless of whether your project requires refrigeration services, we are here to meet all your mechanical requirements.

At CIMCO, we understand the critical role that mechanical systems play in the success of your operations. Our Mechanical Division is a TSSA-certified mechanical service provider for the Industrial, Commercial, and Institutional sectors. From HVAC expertise to plumbing precision, CIMCO is your one-stop shop for creating efficient, comfortable, and safe environments.

OUR MECHANICAL SERVICES

Our professional team of trained experts can deliver a wide variety of skilled mechanical services for projects of any size, including, but not limited to:

PLUMBING

- Domestic Water Systems
- Sanitary Drains/Vents Systems
- Storm Systems
- Backflow Prevention Installations/Annual Testing
- Cross Connection Survey
- Pressure Washing Systems

HVAC

- Hydronic Heating & Cooling Systems
- Hot Water, Chilled Water, Steam/Condensate & Glycol
- Natural Gas/Propane
- Compressed Air/Gases
- Process Piping (including Food Grade Piping)
- Piping Fabrication
- Equipment Installations
- Maintenance & Emergency Calls
- Mechanical Insulation
- Sheet metal

PROJECT SPOTLIGHT

BOSCO AND ROXY'S MECHANICAL INSTALLATION

The CIMCO HVAC Construction Team in London, Ontario (Canada) recently completed a mechanical project for Bosco and Roxy's Gourmet Dog Cookies.

A brand new 85,000 ft² (7,897 m²) facility was erected to manufacture the artisanal dog cookies and CIMCO handled the entire mechanical scope of the project – including full sheet metal and mechanical construction.

THE CIMCO EDGE

1. EXPERTISE AND EXPERIENCE

Boasting decades of experience and a team of multi-skilled professionals, CIMCO has a proven track record of delivering mechanical excellence.

2. CUSTOM SOLUTIONS

Your facility is unique and we understand that one size doesn't fit all. Our solutions are tailored to meet the unique needs of your project or facility.

3. RELIABILITY

You can count on us for reliable service and support. With 24/7 support and a strong reach across North America, we're here when you need us, ensuring your systems are always up and running.

4. EFFICIENCY AND INNOVATION

We're committed to staying at the forefront of mechanical technology. Expect solutions that drive efficiency and reduce emissions and operating costs.
