

# Did you know that adding a Battery Energy Storage System to your generator rental can **reduce your costs?**

For many applications, renting a BESS and a diesel generator together can actually cost less than renting a generator alone. That's because battery storage allows you to run the generator much less, resulting in fuel and maintenance cost savings that surpass the BESS rental cost.

\*Estimated results based on Toromont Cat case study for a typical 60kW 24/7 continuous power requirement, comparing a triple-shift diesel generator versus a single-shift diesel generator plus BESS unit.

## WHAT CAN BESS DO FOR YOU?

Call our rental specialists today and we'll help you find the best solution for your business.
